

# Navigator Banquet

*Lorne Sanny*

## I. Introduction.

A. The Navigators are a group of Christians meeting spiritual needs. They believe that Jesus is Lord and that the Bible is the final authority. The Navigators differ from the local church.

1. Its intent is not to be the establishment but transient missionaries.
2. Its structure is not made up of all walks of life but mostly of young adults.
3. The church meets all spectrums of responsibilities while the Navigators focus on building laborers. A laborer is a disciple maker. (Matthew 9)

II. There are millions with great needs—harassed, helpless and alienated from God. This need requires more laborers to share the good news.

A. The Navigators was founded on a principle of leading men to follow Christ who could then lead others to follow Christ.

B. We know that there will be a lot of people in heaven, but we pray for more.

C. Jesus said He wanted the gospel preached in every nation starting right where the disciples were. You have to begin right where you are.

D. One of the greatest things you can ever do is to pray to raise up laborers and be willing to do it yourself.
